The Nutrition Services department is made up of a team of food and nutrition professionals that are dedicated to students' health, well-being and their ability to learn. We support learning by promoting **healthy habits for lifelong nutrition and fitness practices.**

Starting this school year 2017-2018, we will be offering Breakfast from 7:30 AM - 8:30 AM in all of our high schools cafeterias. With the new Block Schedule this will give your student an opportunity to have an early Breakfast. Brunch and Lunch will also be offered daily.

**Meal Applications** **Free and Reduced Meal Benefits** - We participate in the National School Lunch and Breakfast Program which provides meals to qualifying students. If you wish to apply, visit our website for more information or download an application.

### Pre-Payment Options

Take advantage of Pre-Paid Student Meal Accounts using [MySchoolBucks.com](http://MySchoolBucks.com), our Online Payment program that allows parents to deposit money into their student's lunch account. That account can then be accessed to purchase lunches. Monies paid into the student account can only be used for purchases in the cafeteria. This system allows students to charge only if there

is money in their account. **Menus** The goal of our Food Services department is to provide healthy, tasty, and nutritious food choices to our students and staff. Now, you have three convenient ways to see the menus: on the web, the mobile app, or automatically delivered to you each month by email!
