

USDA Meal Pattern Changes

How will these affect our School Lunch Program?

The Food Service Department is pleased to announce that in an effort to continually improve the quality of lunches we serve our students, we will begin adopting the newest USDA nutrition standards for our school meals.

This will include an increase in the availability of fruits, vegetables, whole grains, and fat-free and low-fat fluid milk in our meals; a reduction in the levels of sodium, saturated fat and trans fat in meals; and meet the nutrition needs of school children within their calorie requirements.

Our goal is to enhance the diet and health of school children, help mitigate the childhood obesity trend, and support learning by promoting healthy habits that will last a lifetime!

National School Lunch Program Meal Pattern		
Food Group	Current Requirements K-12	New Requirements K-12
Fruit and Vegetables	½ - ¾ cup of fruit and vegetables combined per day	¾ - 1 cup of vegetables <u>plus</u> ½ - 1 cup of fruit per day <small>Note: Students are allowed to select ½ cup fruit or vegetable under OVS.</small>
