

2018-2019 District Wellness Plan Evaluation

Timestamp	Email Address	Your first and last name	Your title:	Building:	Are you involved in the Wellness Committee, which meets to review and update the District Wellness Plan annually?	Please describe how you are achieving the goals of Nutrition Education and Promotion at your building.	How has Physical Activity remained an important part of your students' day?	How do you ensure that foods for sale on campus (outside the cafeteria) during the school day meet all the Smart Snack requirements?	Is food for instruction used in your classrooms? If so, how do you ensure food safety with students' food allergies and how do you determine what foods may be used for instruction?	Are there any other initiatives in your building that support community health and wellness promotion for staff and students?	Are you willing to be part of the Wellness Committee to ensure our district's wellness plan is current and applicable to your building?	Do you have any other comments on the implementation of the District Wellness Plan specifically at your building?
1/7/2019 13:16:32		Christopher Berni	Building Principal	Fitch High School (9-12)	Yes	Participating in district wellness committee meetings, ongoing communication with the director of food service.	Physical Education classes continued to be offered for all 9-12 students.	Guidelines are in writing for fundraiser organizational designee representatives.	The emergency medical form is provided for the foods lab teacher regarding allergies and/or other concerns.	Fitness programming is offered to students via the physical education course offerings.	Yes	The district continues to promote ongoing awareness of wellness.
1/7/2019 14:42:26		Timothy	Kelty	Austintown Elementary School (K-2)	No	Our AES Cafeteria Manager We offer health class for 8th graders. Students participate in offer vs. serve. Students have a 30 minute lunch time, which is ample time to eat. We have water fountains throughout the building and a water cooler with cups in cafeteria during lunches.	We still provide Physical Education classes and outdoor recess.	All AES sub groups follow district protocols	Yes, the classroom teacher through our clinic	PE Dept has initiatives for students. None for staff	Yes	n/a
1/9/2019 10:27:52		Ben Baldner	Principal	Austintown Middle School (6-8)	I was invited but couldn't attend		Students take PE has one of their exploratory classes each day. We encourage teachers to use hands on, out of your seat activities in their classrooms.	We answer teachers questions as they arise.	Occasionally. Teachers know student allergies and see us with questions.	Not that I can think of	Yes	Myself, Dom or Robin can be on the Wellness Committee
1/9/2019 13:08:38		Tim Pappagallo	Assistant Principal	Austintown Intermediate School (3-5)	Yes	By following the guidelines set forth by the District Wellness Committee and having staff/administration monitor the lunch room daily.	Third and fourth grade students are provided recess daily. Fifth grade students have recess once a week. Gym class is provided for students and after school activities are available for students to participate in.	We share smart snack information with relevant people in the building when necessary.	Food has not been used as a part of instruction. Teachers have students health plans in their classroom so they are aware of any food allergies.	There is a weigh loss challenge among staff members. We will be having several after school exercise classes for staff. There will be a staff vs. students basketball game in the future.	Yes	None at this time. As a new administrator, I am still learning.
