

## e~Funds for Schools . . . with Mobile Pay!

**Dear Parents,**

We're proud to offer Mobile Pay service! This **Mobile Pay** service is quick and simple! **Mobile Pay** is a responsive website, optimized for smart phones and tablets that use either Android or Apple operating systems. You will have the ability to make payments and update account information from the palm of your hand.

**Mobile Pay** provides a quick and easy way to fund lunches and pay student fees all from within the same transaction. It works in compliment with **e~Funds for Schools (EFS)**, in real time, to give you an accurate account balance before making a payment. Grandparents and family friends can also pay for school items through EFS by using the guest option, without any compromises to you or your student's personal information.

*To learn more about the Mobile Pay service, visit our school's website at:*

*[www.bearvalleyfs.com](http://www.bearvalleyfs.com) and click on the e~Funds for School icon.*

### Benefits

- The **Mobile Pay** service makes it easier than ever for you to conveniently fund your student's lunch account any time, from anywhere!
- Pay for multiple items for multiple students in a single transaction.
- Top-tier encryption practices to keep personal information safe.
- Compatible with both Android and Apple mobile device.
- Quick and reliable account funding.
- View optional student fees.
- Easy online enrollment!

### Q & A

**Q: Is Mobile Pay secure?**

A: Yes, ACH and credit/debit card information is securely stored and encrypted. It eliminates the need to re-enter your account information each time you visit.

**Q: Can I determine the payment amount that will replenish my child's account?**

A: Yes, Mobile Pay allows the user to fund lunches and pay fees, for multiple students, in different amounts, without forcing a default price. Only your school can set payment minimums.

**Q: Do I need a separate login?**

A: No. If you have already registered with EFS, you will use the same username and password.
