

TruMoo® Chocolate Shelf Stable Milk (Brik)

DESCRIPTION:

- All TruMoo® shelf stable Grade A milk products are UHT pasteurized under sterile, aseptic conditions. The UHT aseptic pasteurization process gives our milk a shelf life of 12 months from the production date with or without refrigeration, and allows for storage in multiple temperature environments.
- TruMoo® dairy products are made with milk from cows not treated with rbST. rbST (Recombinant Bovine Somatotropin), also known as rbGH (Recombinant Bovine Growth Hormone), is a genetically engineered version of a naturally occurring growth hormone found in cattle that increases milk output from cows.*

PACKAGING:

Tetra Brik Aseptic

Shake well before opening. Serve chilled.

SIZES AVAILABLE:

½ Pint ; 8 fl oz. ; 236mL (Brik)

Pack a Lunch They'll Love

Unlike juice drinks, a single serving of TruMoo offers:

- 8 Grams of Protein
- An Excellent Source of Calcium and Vitamin D
- No High Fructose Corn Syrup

Plus, great-tasting TruMoo goes everywhere kids go!

Our Farmers Pledge
NO Artificial Growth Hormones*

NO High Fructose Corn Syrup
