

Cupertino Union School District Student Nutrition Services Charging Policy

Cupertino Union School District's Student Nutrition Services Department recognizes that occasionally students may forget their lunch money. The Student Nutrition Department is committed towards providing students with nutritious meals, and is aware of the importance of good nutrition to learning. We will continue to provide meals to all our students even when their account is not current and work with parents to clear any outstanding balance.

- If a student's account is negative the student will only be allowed to charge a meal. No a la carte food or drinks maybe charged to an already negative account.
- Parents are notified of their student's negative balance through emails that are sent home twice per week.
- Parents are encouraged to take advantage of the online prepayment system, which helps to alleviate the problem of forgotten lunch money and provide parents the ability to view their child's lunch transactions and balances online at their convenience. Parents can also schedule automatic payments, create a low balance email alert, in addition to making a payment. Please go to www.family.titank12.com to sign up for a free account or log in.
- Parent's may also send cash or check to the school office.
