The Forest Lake ISD #831 has in place a procedure to accommodate special dietary needs for students. Students that no longer require special diets must have a signed confirmation for our information.

Thank you for your immediate attention to make available all school menu items for your student.

Please sign and return this form to your student's school cafeteria and/or school health office.

This notice serves to inform Forest Lake #831 _____ (student name) is no longer following a special diet statement. All school food menu products including alternate choices may be consumed.
