Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990.

“Disabled person” means any person who has a physical or mental impairment, which substantially limits one or more major life activities, has a record of such impairment, or is regarded as having such impairment.

“Physical or mental impairment” means (1) any physiological disorder or condition, cosmetic disfigurement or anatomical loss affecting one or more of the following body systems: Neurological, musculoskeletal, special sensory organs, respiratory, including speech organs, cardiovascular, reproductive, digestive, genitourinary, hemic and lymphatic skin, and endocrine or (2) any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities. The term “physical or mental impairment” includes, but is not limited to such diseases as orthopedic, visual, speech, and hearing impairments; cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation, emotional illness, drug addiction, and alcoholism.

“Major life activities” means functions such as caring for one’s self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working.
