Formulario de Ingresos del Hogar

Preguntas Frecuentes

¿Cómo afecta el programa de comidas gratuitas/reducidas a los fondos escolares?

Cada estudiante que está bajo ciertos ingresos, aprendiendo inglés o en cuidado de crianza genera un 20% más de fondos. En los distritos donde al menos el 55% de los estudiantes entran en estas categorías, reciben aún más fondos. En el Distrito Escolar Unificado de Lake Tahoe, se dan dólares adicionales a cada escuela para aumentar o mejorar los servicios para estos estudiantes. Completar el formulario de ingresos del hogar asegura que su escuela reciba todos los fondos disponibles.

¿Por qué mi escuela solicita la completación de un Formulario de Ingreso del Hogar en lugar de el Formulario del Programa Nacional de Almuerzo Escolar?

Normalmente, las familias completan un formulario del Programa Nacional de almuerzo Escolar (NSLP) para determinar si califican para comidas gratis o a precio reducido bajo el Programa Nacional de almuerzo Escolar. Debido a COVID-19, el Departamento de Agricultura de los Estados Unidos (USDA) emitió exenciones a nivel nacional para permitir la operación del Programa de comidas de Verano hasta el 20 de junio de 2021. Este programa permite que LEA's proporcione comidas gratis a cada estudiante para el año escolar 2020-21. Sin embargo, mientras opera bajo el Programa de Comidas de Verano para 2020-21, LEA's no puede recopilar solicitudes NSLP. Para 2020-21, LEA debe recolectar Formularios de Ingresos de Hogares Alternativos para determinar si un niño habría calificado para comidas gratuitas o a precio reducido. La Agencia Educativa Local (LEA) recopila esta información crítica para determinar la financiación estatal bajo la Fórmula de Financiamiento de Control Local.

¿Necesito llenar un formulario para cada niño?

No, puede llenar un formulario para varios niños en el mismo hogar.

¿Puede un padre/tutor elegir no completar el Formulario de Ingreso del Hogar?

Sí, un padre/tutor puede optar por no completar el Formulario de Ingresos del Hogar. Dichos padres/tutores deben escribir "Rechazar a Completar" a través del formulario, completar la sección de nombre del estudiante, firmar el formulario y enviarlo.

Si los padres/tutores expresan preocupación por la confidencialidad de la información solicitada en el formulario de Ingresos del Hogar, ¿Qué deben saber?

Nuestro sistema es confidencial. Los padres/tutores pueden estar seguros de que la información recopilada es confidencial y para uso exclusivo en el Distrito.

¿Todavía necesito llenar un formulario si califico para otros beneficios?

No. Si actualmente está recibiendo cupones de alimentos, CalWORKS, KinGAP o beneficios FDPIR y su información no ha cambiado, su hijo califica automáticamente.

The information submitted on this form is a confidential educational record and is therefore protected by all relevant federal and state privacy laws that pertain to educational records including, without limitation, the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended (20 U.S.C. § 1232g; 34 CFR Part 99); Title 2, Division 4, Part 27, Chapter 6.5 of the California Education Code, beginning at Section 49060 et seq.; the California Information Practices Act (California Civil Code Section 1798 et seq.) and Article 1, Section 1 of the California Constitution.

Who should I include in “Household Size”?

You must include yourself and all people living in your household, related or not (for example, children, grandparents, other relatives, or friends) who share income and expenses. If you live with other people who are economically independent (for example, who do not share income with your children, and who pay a pro-rated share of expenses), do *not* include them.

What is included in “Annual Household Income”? Annual Household Income includes the following:

- **Gross earnings from work:** Use your gross income, not your take-home pay. Gross income is the amount earned before taxes and other deductions. This information can be found on your pay stub or if you are unsure, your supervisor can provide this information. Net income should only be reported for self-owned business, farm, or rental income.
- **Welfare, Child Support, Alimony:** Include the amount each person living in your household receives from these sources, including any amount received from CalWORKs.
- **Pensions, Retirement, Social Security, Supplemental Security Income (SSI), Veteran’s benefits (VA benefits), and disability benefits:** Include the amount each person living in your household receives from these sources.
- **All Other Income:** Include worker’s compensation, unemployment or strike benefits, regular contributions from people who do not live in your household, and any other income received. Do not include income from CalFresh, WIC, federal education benefits and foster payments received by your household.
- **Military Housing Allowances and Combat Pay:** Include off-base housing allowances. *Do not* include Military Privatized Housing Initiative or combat pay.
- **Overtime Pay:** Include overtime pay **ONLY** if you receive it on a regular basis.

How do I report annual household income for pay received on a monthly, twice a month, every two weeks, or weekly basis?

- Determine each source of household income based on above definitions. Households that receive income at different time intervals must annualize their income as follows:
 - If paid monthly, multiply total pay by 12
 - If paid twice per month, multiply total pay by 24
 - If paid bi-weekly (every two weeks), multiply total pay by 26
 - If paid weekly, multiply total pay by 52
- Add annualized pay together to determine the total annual household income and check the box on the other side of this form if it is within either of the ranges displayed for your household size.
- If your household size exceeds the size on the chart, list household size and total annual household income in the space provided.

If your income changes, include the wages/salary that you regularly receive. For example, if you normally make \$1,000 each month, but you missed some work last month and made \$900, put down that you made \$1,000 per month. Only include overtime pay if you receive it on a regular basis. If you have lost your job or had your hours or wages reduced, enter zero or your current reduced income.
