

HealthierUS School Challenge

The HealthierUS School Challenge: Smarter Lunchrooms award recognizes schools that go above and beyond Federal requirements within the entire school nutrition environment by creating healthier menus, energizing students, and engaging the community.

Recognizing Excellence in Nutrition and Physical Activity

HUSCC: SL is a voluntary certification initiative that recognizes schools enrolled in Team Nutrition that have created healthier school environments through appealing nutritious food and beverage choices, nutrition education, and the promotion of nutrition and physical education/activity
