ARYZTA Manufacturer Equipment Cleaning Instructions

Delicious Essentials Muffins and Cookie dough produced by ARYZTA are produced in bakeries that also produce foods that contain peanuts and tree nuts.

All of our ingredients are clearly labeled on each packaging. At the end of production for any nut containing food sku, the processing line is taken apart (equipment is broken down) and a complete sanitation wash down is performed on the equipment and utensils, using a special soaping agent removing nut residue and proteins. This process is documented in our allergen/cross contamination program and managed by each bakery's management team and Corporate FSQA.
