## MEAL PRICE INCREASE— SCHOOL YEAR 2019/2020

### Lunch Pricing - School Food Service Account Revenue

Regulations at 7 CFR 210.14(e) require school food authorities (SFAs) participating in the National School Lunch Program to ensure sufficient funds are provided to the nonprofit school food service account for meals served to students not eligible for free or reduced price meals.

The law requires school food authorities to charge students for paid lunch meals a price that is not less than equal to the difference between the free federal lunch reimbursement rate and paid federal lunch meal reimbursement. The current free federal reimbursement rate is \$3.39. The goal of the regulation is to make sure the paid level is at or above the price point.
