

# GRAPE TOMATOES

Tomatoes are the fruit of the tomato plant. Because the tomato has seeds and grows from a flowering plant it is classed as a fruit and not a vegetable.

Tomatoes originated in the South American Andes around the area of Peru. They were first used as a food by the Aztec's in Southern Mexico.

- **Grape tomatoes are about half the size of cherry tomatoes**
- **Pretty much all tomato varieties are red although other colors are possible including green, yellow, orange, pink, black, brown, white and purple**
- **Tomatoes are packed with Vitamin C**
- **The world's heaviest tomato was Grown in Oklahoma in 2013. It weighed 7lb 12oz.**
