

Nutrition Services

School Cafeteria

Now Recruiting...Mystery Diners

Mystery diners are volunteer students & faculty at each school who dine in our cafeterias and provide feedback about their experiences. They provide observations and feedback on things such as cafeteria appearance, customer service, menus, signage, pricing, food, & service quality. Feedback provides the Nutrition Services team with valuable information that reflects the student/faculty experience.

The data collected will be used toward continued improvement of the dining experience.

Sign up to be a Mystery Diner at your school!
