

Santa Ana Unified School District

Nutrition Services Department

Mission Statement

The SAUSD Nutrition Services Department will provide affordable, nutritious, and attractive meals that support the healthy growth of children's body, mind, and nutrition habits.

Vision Statement

In five years, the district nutrition program will be regarded as innovative and first-class. The team of dedicated food service professionals will close the gap between hunger and academic achievement. Nutrition Services shall deliver fresh quality meals cooked from scratch using the best ingredients locally available. The program staff takes responsibility to serve our customers with respect and offer consistent pleasant experiences. Successful results will be accomplished through the use of the four P's as guiding principles: People, Product, Place, and Promotion.
