

Nutrition Services

New Phone System for Nutrition Services

Nutrition Services now has a new phone tree to better serve our customers.

408-423-2077

This is the new main number for Nutrition Services. Callers will be prompted to choose from a selection that best meets their needs.

The options are as follows:

- 1 - Meal Applications
- 2- Student Account Balances
- 3- Refunds
- 4- Menus
- 5- Feedback/Concerns
- 6- Nutrition Services Director

Their call will be routed to a second phone if their call is not answered by the first routing. This routing will be invisible to the caller, they will simply continue to hear music. After the second extension is attempted the call will go into voicemail.
