

Charging Policy

Surf City Café allows students or parents to put money on your students account in person or online. Your student will be allowed to charge against a positive account balance. If your student should lose or forget their lunch money, they will be allowed to go **negative up to two meals**. When your student brings in money to add to their account, the negative balance will be cleared before any payment is recorded. Negative balance letters are sent home on a regular basis when your student owes money.

Our goal is to provide a healthy lunch to every student daily. If you child should not have funds and currently owes for two meals, they will be offered an emergency meal for a reduced fee. This meal will include fresh fruits and vegetables from the salad bar and milk only until the account is brought current.

If you have any questions or concerns please contact Amy Hedrick-Farr Director of Food Services.
