

Dear Parents and Guardians,

There still seems to be some confusion on ordering virtual meals. Pick-up of virtual breakfast and lunch meals is still two days a week (Monday and Thursday). You must order for both days of pick-up each Monday morning by 10:00am. You are completing two orders per student. You must place the order for your student at their enrolled school. If you have two students at different schools, you must pick-up at the two schools. Once you submit your order per student, you will receive a confirmation page. If you do not see this confirmation, you have not placed your order completely.

The step-by-step process for ordering virtual meals:

1. [Go to walkerschoolnutrition.com](http://walkerschoolnutrition.com)
2. You will then see the virtual meal ordering for two days
3. You must order for each day for each student
4. Complete the entire ordering process – select the meals you wish to pick up - all boxes must be filled in
5. After completing, be sure to click the submit button
6. Once submitted you will see the statement: “Your information has been recorded”. You will also see that you can enter another student at that point on that page or you can go back out and complete for another student

If you have any questions or concerns, please contact me at 706-638-7969.
