

WALKER COUNTY WELLNESS GOALS

Stone Creek Elementary

Mission: The Wellness Promotion Policy creates a forum to educate the District and community partners to successfully collaborate in promoting healthier lives. With the District's ultimate goal of improving student performance, the direction of the Wellness Teams are to encourage a proactive approach to holistically address the health and wellness for all school children and staff, their parents, and the community.

Wellness Promotion Goals and Objectives

The following goals and objectives are to be used by the Wellness Teams to evaluate the strengths, weaknesses, and resources of the School District. The District is encouraging a positive and proactive approach to this exciting opportunity to impact students' health and their school environment.

NUTRITION EDUCATION

- a. **Goal:** To promote nutrition education with the objective of improving students' health and reducing childhood obesity.
- b. **Objectives:**
 - i. The school cafeteria should serve as a "learning library" to allow students to apply critical thinking skills taught in the classroom.
 - ii. Nutrition education should involve sharing information with families and the broader community to positively impact students and the health of the community.
 - iii. Nutrition education should be provided for all staff members. The District and each school should establish and maintain a staff wellness team. The team should develop, promote, and oversee a multifaceted plan to promote staff health and wellness.
 - iv. The District should provide information to families that encourage them to teach their children about health and nutrition and to provide nutritious meals for their families.
 - v. Students should be encouraged to start each day with a healthy breakfast.
- c. **Action Plan:**
 - 1. Provide nutritional meals that meet State guidelines
 - 2. All food given or sold at school by school employees will meet the nutrition/portion guidelines set by State of Georgia
 - 3. Wellness Team will work with Parent Involvement Coordinator to plan a Family Health Night that encourages healthy eating habits
 - 4. Offer a "Healthy Eating " Seminar for parents, students, and staff

PHYSICAL ACTIVITY

- a. **Goal:** To promote physical activity with the objective of improving students' health and reducing childhood obesity.
- b. **Objectives:**
 - i. Physical education courses should be the environment where students learn, practice, and are individually assessed on developmentally appropriate motor skills, social skills, and knowledge, which will support life-long benefits of physical activity.
 - ii. Physical activity participation should take into consideration the "balancing equation" of food intake and physical activity.

- iii. Physical education should include the instruction of individual activities as well as competitive and non-competitive team sports to encourage life-long physical activity which provides outlets for stress-reduction.
 - iv. The school should provide a physical, social, and emotional environment that encourages safe and enjoyable activity for all students and staff including those who are not athletically gifted.
 - v. Information should be provided to staff and families to help them incorporate physical activity into their students' lives.
- c. **Action Plan:**
1. Provide weekly PE with a certified Physical Education teacher who implements State Standards
 2. Classroom teachers will be encouraged to use brain-based callisthenic like energizers to enhance student learning.
 3. Healthy eating and exercise lessons facilitated by guidance counselor (K,1,2).
 4. Fitness-gram Prepare all students for state assessment including BMI, aerobic activity, core strength, upper body strength
 5. Incorporate periodic school-wide special events throughout the school year providing students an avenue for healthy competition within the school day. (Field Day, Big Shot Basketball Tournament, Turkey Bowl, NASCAR etc.)
 6. Implement family focused Physical Education nights that promote fun and fitness.
 7. Provide students the opportunity to participate in the Chattanooga Track Club cross country race series.

OTHER SCHOOL-BASED ACTIVITIES

- a. **Goal:** To promote the health and wellness of students and staff.
- b. **Objectives:**
- i. The District and each school should establish and maintain a staff wellness team. The wellness-promotion teams should be comprised of families, teachers, administrators, school health staff, community representatives and students to plan, implement, and improve nutrition and physical activity in the school environment.
 - ii. The committee should develop, promote, and oversee a multifaceted plan to promote staff health and wellness.
 - iii. After-school programs should encourage physical activity and health-habit formation.
 - iv. Wellness-Promotion Policy goals should be considered in planning all school-based activities (such as school events, field trips, dances, and assemblies).
 - v. Support for the physical, social, and emotional health of all students and staff should be demonstrated by hosting health clinics, health screenings, and helping to enroll eligible children in Medicaid and other state children's health insurance programs.
 - vi. The District and each worksite shall provide information about wellness resources and services to assist in identifying and supporting the health, safety, and well-being of all students and staff.
- c. **Action Plan:**
1. Establish a Wellness Committee
- Members:** Delilah Guinn, Aiden Johnson, Jordan Chapman, Christian Kilgore

2. Participate Co-op Competition: Grade level physical activity competition-points awarded for different types of activities

NUTRITION STANDARDS

- a. **Goal:** To promote nutrition guidelines, a healthy eating environment, Child Nutrition Programs, and food safety and security on each school campus with the objective of promoting student health and reducing childhood obesity.
- b. **Objectives** are stated below:
Nutrition Guidelines for All Foods on Campus
 - i. In addition to providing healthful meals in the cafeteria, schools will provide a healthy selections of foods and beverages on campus (e.g. in vending machines, concession stands, a la carte, student stores, parties/celebrations, and fundraising) during the school days. The selections will be in accordance with the Smart Snack Regulations.
 - ii. Food providers should take measures to ensure that student access to foods and beverages meets federal, state, and local laws and guidelines. Food providers should offer a variety of age appropriate healthy food and beverage selections for elementary schools, middle schools, and high schools.
 - iii. Nutrition information for products served should be available.
 - iv. Classroom snacks provided by the school should be healthy snacks. Families should be educated and encouraged to provide healthy snacks/choices.
 - v. Nutrition education should be incorporated during classroom snack times and not just during meals. Foods and beverages sold at fundraisers should

include healthy choices and provide age appropriate selections for elementary schools, middle schools, and high schools.

c. Action Plan:

1. Health education in the classroom will complement nutrition/wellness lessons taught in PE
2. All food/snacks given to students will meet nutritional guidelines

Eating Environment

- i. Meal periods should be scheduled to provide enough time for students to eat. An additional option for breakfast could be an in-class breakfast program.
- ii. Dining areas should be attractive and have enough space for seating the students who will be dining.
- iii. Drinking water should be available for students at meals.
- iv. Food should not be used as a reward or a punishment for student behaviors, unless it is detailed in a student's Individualized Education Plan (IEP).

c. Action Plan:

1. Students will be given adequate time to sit down for breakfast and lunch
2. Water will be available at meals

Child Nutrition Operations

- i. The child nutrition program should ensure that all students have affordable access to the varied and nutritious foods they need to stay healthy and learn well.
- ii. The school should strive to increase participation in the available federal Child Nutrition programs (e.g. school lunch, school breakfast, after-school snack, and summer food service programs).
- iii. The District should employ a Food Service Director who is qualified to administer the school food service program and satisfy reporting requirements.
- iv. All food service personnel should have adequate training in food service operations.

c. Action Plan:

1. All students will have access to a variety of affordable and nutritional food

Food Safety/Food Security

- i. The foods made available on campus provided by the School Food Authority, should comply with the state and local food safety and sanitation regulations.
- ii. For the safety and security of the food and facility, access to the food service operations should be limited to Child Nutrition staff and authorized personnel.

c. Action Plan:

1. Food provided for school activities will meet all state and local guidelines
