Dear Parents and Guardians,

We are changing online payment providers effective **Sept. 1, 2017**.

You spoke, we listened and now we've acted! We've had many requests for one stop shopping, to provide a link in PowerSchool student accounts where account balances could be viewed, meal payments could be made and payments for textbooks could be taken care of. As a result of this popular request, Warsaw Community Schools Food and Nutrition Services is changing the online payment processing website for funding your child's cafeteria account.

Register your new account at www.schoolpay.com which is scheduled to begin accepting payments on **Sept. 1. The fee for online payments will be \$1.95 regardless if paying for one or more students in any amount. You can even pay for textbooks in the same transaction at no additional cost by adding these items to your cart.**

All payments made in EZSchoolPay prior to Sept. 1, will be credited as usual to your child's cafeteria account. Payments made with SchoolPay beginning Sept. 1, will combine just as if you were making another payment to your child's account.

Please go to www.schoolpay.com and click "Find My Account" today. Please contact Stacie or Marci at 574-371-5086 with any questions or for further information.

Sincerely,

Marci Franks.
Director of Food & Nutrition Services
