

## **Paying for Meals with Check or Cash**

We encourage you to pay for your child's meals with the online payment system, SchoolPay.com for added security and peace of mind.

You may also pay by check or cash by submitting your student's name, 9-digit school ID and payment information in an envelope to the cafeteria manager in the morning. One check may be written for children attending at the same school. Separate checks should be written for students attending different schools.

**PLEASE NOTE: CASH PAYMENTS will only be accepted in the school offices, Cafeteria Office or the Food & Nutrition Services Office so that a written receipt may be provided.**  
**Payment envelopes should not be taken to the classrooms.**
