Subject: Summer Food Service 2020

Dear Site Sponsors:

Wilkes County Schools Child Nutrition Department is excited to announce our Summer Meal Service Program for 2020, June 1- July 31. Each of you were a valued partner last year for our program where we were able to provide 24,469 meals across 33 sites during the summer. Great work we could not have made this happen without you and Site Staff. Our work is not complete; we have many more children to reach. According to No Kid Hungry NC, we reached 8.69% of the potential identified need in our county. Wilkes County ranks 57th in the state for reaching identified children in need of meal service.

We look forward to working with each of our partner organizations to serve the children of Wilkes County. Attached is the Site Application. Please complete the application and return by May1, 2020. Additional details may be found on the Wilkes County Schools Child Nutrition website at: <https://wilkescountychildnutrition.com/>. Thank you for all you do to help reach our students during the summer.

Respectfully,
Marty R. Johnson
Wilkes County Schools
Director of Child Nutrition
