Under California Code of Regulations Section 15501- Food or Beverage item(s) must be pre-approved by governing board of school district.

The Healthy, Hunger-Free Kids Act of 2010 requires USDA to establish nutrition standards for all foods sold in schools — beyond the federally supported meals programs. This new rule carefully balances science-based nutrition guidelines with practical and flexible solutions to promote healthier eating on campus. Smart Snack standards went into effect July 2014 in efforts of eliminating childhood obesity and to help foster lifelong healthy snack decision making.
