* The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

Ingredients:

100% Apple Juice (Water sufficient to reconstitute Apple juice concentrate), Natural Flavors and Citric Acid

Made in the USA. Contains concentrate from USA, Argentina, Brazil, China, Chile, and/or New Zealand.

Buy American Certification:

Suncup™ 100% Juice is produced in our facilities located in the USA and may contain domestic and/or imported juice concentrates, as a portion of the ingredients, based on availability and cost. No Suncup 100% juice products are imported and produced outside of the USA.

Suncup™ Juice meets the "Limited Exceptions" clause as identified in USDA Memos SP14-2012, SP 24-2016 and SP 38- 2017.

Buy American Statement

Section 104(d) of the William F. Goodling Child Nutrition Reauthorization Act of 1998 requires schools and institutions participating in the NSLP and SBP in the contiguous United States to purchase to the maximum extent practicable, domestic commodities or products for use in meals served under the program. The legislation defines “domestic commodity or product” as one that is produced in the United States and is processed in the United States, substantially using agricultural commodities that are produced in the United States.

There are limited exceptions to the Buy American provision which allow for the purchase of foods not meeting the “domestic” standard, in circumstances when use of domestic products is truly not practicable. These exceptions, as determined by the School Food Authority (SFA), are:

1. “The product is not produced or manufactured in the U.S. in sufficient and reasonable available quantities of a satisfactory quality.”
2. “Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product.”

Suncup™ Juice products are produced and packaged in our own family-owned facilities located in Newark, NJ; Bethlehem, PA; Newnan, GA; and Phoenix, AZ and may contain non-domestic fruit juice concentrates as an ingredient in the finished 100% juice product.

There is limited, or no domestic fruit juice concentrate available to supply the needs of school nutrition and meet the 51% domestic content requirement. Therefore, Suncup™ 100% fruit juice products may contain non-domestic juice concentrates, as a portion of the ingredients.

Cost of domestic orange juice concentrates average 20 - 100% more than non-domestic. Domestic grape and apple juice concentrates average 20% or more and domestic pineapple juice concentrate is not available. Any supply of domestic concentrate is VERY limited and seasonal.

Suncup™ Juice products will meet the “Limited Exceptions” clause as identified in SP14-2012, “Procurement Questions Relevant to the Buy American Provision”, and as clarified in USDA Memos SP 24-2016 and SP 38-2017 “Compliance with and Enforcement of the Buy American Provision in the National School Lunch Program”:

Per SP 38-2017, SFA’s using one of the above exceptions will not need to request a waiver in order to purchase a non-domestic product. SFA’s must, however, keep this documentation justifying the exception(s).

Products included under this are referenced on the attached product list.
