# Thank you to our sponsors!

Cornell Cooperative Extension (CCE) puts knowledge to work in pursuit of economic vitality, ecological sustainability and social well-being. We bring local experience and research based solutions together, helping New York State families and communities thrive in our rapidly changing world.

The Erie County Department of Environment and Planning collaborates with public and private sector organizations to improve the quality of life for Erie County residents. The Office of Agriculture was created in 2020 to address the loss of farmland, improve the viability of farming, and assist rural municipalities with planning for agriculture.

The Erie County Soil and Water Conservation District is a local government subdivision established to carry out programs for the conservation, use and development of soil, water and related resources. Districts are resource management agencies, coordinating and implementing environmental programs at the local level in cooperation with federal and state agencies.

The New York State Grown & Certified program makes it easy for consumers to identify local, safely-handled, and environmentally responsible agricultural products. This voluntary program is a cooperative effort among producers, processors, wholesalers, retailers, restaurants, and the NYS Department of Agriculture and Markets to meet consumer demand for high-quality food and agricultural products. *Look for the NYS Grown & Certified seal!*

Taste NY, launched by Governor Andrew M. Cuomo in 2013, highlights the quality, diversity, and economic impact of food and beverages grown, produced, or processed in New York State. Taste NY aims to create new opportunities for producers through events, retail locations, and partnerships.

**A Message from the Erie County Executive**

**Mark C. Poloncarz**

I welcome Erie County residents, as well as visitors to our region, to visit the local growers on Erie Grown and take advantage of our county's vast agricultural bounty. It's now more important than ever to support our agricultural sector and one of the most effective ways to do that is to purchase local farm products. Buying local fruits, vegetables, meat, eggs, honey and flowers not only supports our farmers, farm workers, and their families but also strengthens our economy. Please take advantage of this Erie Grown Passport to guide you to familiar farms and farm-related businesses and also help you plan to explore some you may never have visited before. As always, please maintain a safe social distance when visiting a grower and please be sure to wear a facial covering.

Enjoy your Erie Grown adventure and thank you for supporting Erie County agriculture!

Sincerely,

Erie County Executive Mark C. Poloncarz

**ERIE GROWN  
PASSPORT 2021**

Name: \_\_\_\_\_

Email: \_\_\_\_\_

Date of Issue: MARCH 15, 2021

Date of Expiration: DECEMBER 15, 2021

How did you hear about the Erie Grown Passport?

\_\_\_\_\_

Signature: \_\_\_\_\_

## HOW IT WORKS

Visit Erie Grown listings

Record the date of your visit

Submit your Passport for a chance to win prizes!

## RULES

- Passports must be marked between **March 15, 2021—December 15, 2021**.
- One passport allowed per person. One entry allowed per listing.
- Be kind & make a purchase.
- Minimum of five (5) locations must be visited.
- Passports must be received by **December 31, 2021**.

## THINGS TO KEEP IN MIND

- Tag **#eriegrown** on social media.
- Always check that a listing is open before visiting.
- Email **agriculture@erie.gov** for questions.
- Be sure to wear a facial covering when visiting any of the listings and follow all current guidance on the COVID-19 pandemic.

## HOW TO SUBMIT YOUR PASSPORT

Email your passport to **agriculture@erie.gov** or submit by mail for a chance to win! If using the online passport, make sure you save and submit only when you are ready to enter the drawing. Passports must be received no later than **December 31, 2021**.
