

The Geneseo Food Service Department is happy to announce that we will be providing breakfast & lunch meal packs through the month of June. Any child between 1-18 years of age can pick up meals at the High School parking lot in a drive through by the tennis court shelter where it was distributed last summer. The summer hours of availability for the community pick-up will be 11:30am – 12:30pm and we will continue a weekly distribution on Wednesdays only, through the month of June.

In July/August the Lunch Box will be providing lunches available for pick-up again at the same location. The GHS tennis court shelter from 11-12:30pm. See separate link on this web-page for more information.
