

Katy ISD Nutrition & Food Service Curbside Meals FALL 2021 Heating & Storage Instructions

Check the back of this page for heating & storage instructions for all menu items to be served during our 1-week cycle lunch menu! All breakfast items can be easily thawed and/or warmed for quality and served without cooking.

Find an electronic copy of these heating & storage instructions on www.katyisdfoodsolutions.com. Menus and nutrition information* for all items are available on www.schoolcafe.com/katyisd. Scan the QR codes below or download the School Cafe smart phone app for even easier access!

Menus are subject to change based on availability. Check our website and School Cafe website for the most up to date information.

For food safety and quality, cook all items before eating to an internal temperature of 165°F. Adult supervision recommended when heating food items.

Cold foods should be kept cold (below 41°F). Refrigerate or freeze cold foods as soon as possible after meal pick up, or within 2 hours. Please discard any leftovers within 2 days. Hot foods should be kept hot. After cooking, consume all hot food immediately or discard within 2 hours.

Cooking times and temperatures may vary due to variances in oven regulators.

*Allergen information posted is based on information that Katy ISD Nutrition and Food Services currently has on file. Allergen information is subject to change based on changes from manufacturers. Katy ISD is not always notified of these changes.
