

# HOW TO REGROW GREEN ONIONS

SUPPLIES: 1 end of a green onion, a knife, a cup of water, soil

1

With an adult, cut off the ends, leaving the roots attached.

2

Place in a cup, roots down, add water until roots are covered.

3

Place near a window & watch them grow after a few days!

4

Plant in a pot with soil or in the ground. Don't forget to water it!

**DON'T THROW IT, GROW IT!**
