

As school food service programs are returning to normal service and menus, we are facing unprecedented issues with the supply chain that will cause us to alter our posted menus with little to no notice. We are working closely with our distributors and manufacturers to secure both the food and supply items needed to support our program.

While it is our intention to serve the posted menu each day at every school, supply issues will not make this possible throughout the school year until supply chain issues are rectified. We will always attempt to substitute the scheduled menu item with another that is as similar as possible to the extent we are able to do so.

Please know that we will provide healthy meals every day. We are also doing our best to continue to provide meals to those students who have special dietary needs. Thank you for your patience and understanding during these unprecedented times.

Thank you,

DeAnn Alleva
Director of Food Service
