

ADDENDUM TO RFP#4-17/18

Date: July 13, 2017

RFP: Pizza

From: Laurel Goins, Director Food Services, Lucia Mar Unified School District

Addendum Number: 2

Item #1: Atascadero Unified School District Bid Requirements

The following question was addressed in Addendum #1, pending a response from Atascadero:

Question: Will bidders have the option to only offer delivery to certain schools within a district? For example, in SLCUSD there are some out-lying schools that may be too far for a bidder to deliver directly to.

Answer: The answer is individualized for each district. SLCUSD will allow vendors to bid individual schools. Templeton will not. Lucia Mar Unified School District also will not and for clarification, this is because there is only one delivery site for Lucia Mar, which is the Warehouse at 602 Orchard Street, Arroyo Grande, CA 93420. We are waiting for the response from Atascadero and will send a second addendum when that is received.

Atascadero responded that they require their entire district to be bid and will not allow vendors to bid on individual schools.
