

Field Trip Lunches

Planning a field trip?
Here is some helpful directions on how to
request for Field Trip lunches

Field Trip Essentials:

- District Permission Slip one per student
- Field Trip Request Form- one per field trip
- Student Field Trip Lunch Request one per student
- Classroom Roster for Check off

BEFORE THE FIELD TRIP

- 1. Notify your Cafeteria worker of your field trip.
- 2. Obtain the District Permission slip from your school office.
- 3. Obtain the <u>Student Field Trip Lunch Request</u> form (From Cafeteria) complete, make a copy for each student, and attach to each permission slip to be sent home.
- 4. As students return their permission slips and lunch requests, separate the lunch requests to turn into the Cafeteria. If applicable, attach money collected to the students' requests to ensure proper crediting to the student's lunch account.

****Class rosters must be submitted to the cafeteria supervisor at least 2 weeks before the planned field trip

ON THE DAY OF THE FIELD TRIP

- 1. Nutrition Services will provide you with lunches and a copy of your class roster with student names highlighted to indicate the students receiving lunches. Take this roster with you on the field trip.
- 2. When giving out the field trip lunches, check off each highlighted student's name to indicate that he/she received a lunch.
- 3. When you return to the school site, sign/initial the checked-off roster, and put it into the Cafeteria Supervisor's mailbox.

WHY THIS PROCESS?

Nutrition Service's goals are to provide safe, healthy meals to all students and to provide procedures so that needy students are not overtly identified. By following these guidelines, you are protecting the confidentiality of your students and ensuring that all students are able to participate in lunch, per the State Meal Mandate. You are also decreasing the potential of students going without lunch because it has been "forgotten."
