

Shentel will not be offering the school internet discount program at the start of the new 2021-2022 school year.

Shentel is participating in the Emergency Broadband Benefit (EBB) program this year which provides discounts of up to \$50 per month for internet service. Families on the reduced lunch program, as well as other families, are eligible for this program. We are offering the EBB discount program this year in lieu of our previous \$20 school discount internet program since it's a much larger savings to families.

RCPS encourages families to apply for this program. Once the EBB funds have been depleted, Shentel will once again offer the \$20 school discount program and RCPS will be notified at that time.

Below is a link to the government website that explains the EBB program.
