CA Meals for Kids Mobile Application

About the App

The CA Meals for Kids mobile application helps you find nearby California Afterschool and Summer Meal Programs Sites through your iOS, Android, or Microsoft devices.

The Emergency Meal Sites section may be used during unanticipated school closures due to emergency situations.

Features

Location and Other Criteria Based Searches

Find sites by physical location, custom map, county, city, zip code and partial site name. Filter searches by service status (e.g. active/inactive) and meal types (e.g. lunch, snacks, etc).

Search Results

Display search results as pins on an intuitive map view or as a sortable list view.

Site Details

Display site details such as:

- Picture
- Address
- Location on Map
- Directions
- Days of Service
- Service Status
- Program Sponsor
- Program Contact
- and much more
