Re: Extension of Paper Bid for 2012-2013 School Year

Dear Della:

Thank you for allowing us the opportunity to renew pricing with your school district. The attached spreadsheet illustrates any price differences between current contracted items and the contracted items for the upcoming school year. Any cost increases have been addressed directly with the manufacturer, and therefore supported with the attached corresponding letters.

In addition to providing a distribution service to our school districts, P&R Paper has accepted the responsibility of functioning as a packaging consultant to our customers. We feel it is our duty to be experts in our field and to ensure that our customers are aware of new and innovative products in the market - and are using the items that best meet their needs. Our staff is eager to work with you in determining which products may be suitable alternatives for your district.

Also, we continue to be committed to preserving our natural environment and encourage you to be a leader in this movement. We continue to have a variety of suitable product replacements that will help make this happen.

Please feel free to contact our office any time if you have any questions about product alternatives.

Sincerely,
