For in school days, K-6 students can simply raise their hands when the teacher takes the lunch count in the morning. For any grade, if they'd like breakfast, they can come directly to the caf in the morning before heading to class.

To preorder grab and go meals:
Google Chrome is the recommended browser. (Internet Explorer will not work properly)
Orders must be placed by 9:00 the day before the scheduled pick up.
You can go directly to onlineordering.linq.com. And create an account/sign in and follow steps 4-11 below.

OR you can follow the steps below:
Please go to slrsdschoolmeals.com.

1. Click on menus.
2. Scroll down to see the month's menus and choose the "Grab and Go online ordering all cohorts, all grades" menu. At this time, you would not need to pre-order for in-school days, but it is helpful for us if you pre-order for grab and go meals.
3. After clicking on the grab and go menu.
4. At the top of that menu is a blue "online ordering" button.
5. When you click that button it should prompt you to sign in to the Linq online ordering site, or to create an account if you don't already have one.
6. Once you sign in you could be able to add your school-age kids using their last name and school ID.
7. Once you've added your children you will see a square for each child.
8. In that square, click on "order meals".
9. It will default to Breakfast. Make sure to click on the word lunch (right next to where it says breakfast), and you should be able to click on the 3-meal, 5-meal or 1-meal grab and go bundle (whichever best meets your needs).
10. Hover over each option to see what foods will be included in each bundle
11. Click on the meal bundle that best meets your needs.
12. Once you add to order, you can then go to the shopping cart in the upper right corner and click on it.
13. Your order will pop up, then click "checkout". OR if you would like to place orders for the remaining weeks in the month, click on "continue ordering" and repeat steps 8-12 above, and when you are finished click "checkout" and continue with step 14.
14. Then it will take you to a screen with a drop down box where you can choose your pick up location. You can choose to pick up at either KES or SLRMS or Dennett, whichever is more convenient for you.
15. After you choose your pick up location, please click "place order".
16. Then you can repeat for other school-age children in your household. If you have non-school age children (age 0-21) for whom you would like meals, please email me at mahrenholz@slrsd.org, and I will add them to your order.

Thanks for your support of and participation in our program!
