

Local Food Connection Proud Partner

BrightFarms

ABOUT

We're BrightFarms - the freshest, cleanest, safest, most responsibly grown produce available. Our greens are tender and delicious, clean and pesticide free (fungicide, herbicide, insecticide free too!), and one week fresher than the other guys. That's because we're grown right here in Wilmington Ohio, halfway between Cincinnati and Columbus, and deliver local greens to you as soon as 24 hours after harvest. Now that's fresh! Grown for Locals, by Locals.
